August 2022

Website WOC: www.globalwoc.com

Linked with: www.worldortho.com (Australasia), www.wocuk.org (UK)

This Newsletter is circulated through the internet, through SICOT and all WOC Regional Secretaries in the hope that they will be able to download and distribute it to those “concerned” who may not be connected through the “Net.”

It is addressed to all interested in orthopaedic surgery, particularly those who work in areas of the world with great need, and very limited resource

Welcome Message

Dear Friends & Colleagues,

On behalf of the World Association against Infection in Orthopaedics and Trauma (WAIOT), it is our pleasure to invite you to the 2nd WAIOT Congress to be held on September 1-2, 2022 in Grand Nile Tower Hotel, Cairo, Egypt.

After a very successful first version of this event, and after the ease of the restrictions for the pandemic, we are very excited to meet you in person this year in Cairo, Egypt.

The event will be carried out in a Hybrid format, so whoever is not able to travel and attend in Cairo, will still have the chance to attend online.

WAIOT 2022 scientific committee is working to continue the WAIOT mission in increasing and sharing the knowledge on bone and joint infections and supports education and training in the field of musculoskeletal infections throughout the world.

We are looking forward to seeing you all in the Beautiful City of the Nile!

Prof. Thami Benzakour
Congress Honorary President

Prof. Mohamed Fadel
Congress Chairman

Prof. Hernán Jose Del Sel
WAIOT President

DAY 1

Program Sessions At a Glance

Click on a session to view details

	HALL - A	HALL - B

Mohamed Fadel
Professor of Orthopaedic Surgery, Mansoura University Hospital, El Mina, Egypt.

SICOT 42ND ORTHOPAEDIC WORLD CONGRESS, KUALA LUMPUR, MALAYSIA

WELCOME MESSAGE FROM THE CONGRESS PRESIDENT

On behalf of SICOT it is my great pleasure and honour to invite your participation at the 42nd SICOT Orthopaedic World Congress which will be held in Kuala Lumpur, Malaysia, from 28 to 30 September 2022.

With the pandemic behind us and surgeons eager to travel, learn and participate in workshops we expect no less than 2000 delegates at this Congress. The Scientific Programme Committee has prepared a range of exciting and educational topics which will cater to both junior and senior surgeons as well as allied health professionals. We will work closely with industry to organise workshops, instructional course lectures and surgical training which will attract the hands-on participation of many surgeons from around the globe. SICOT has always attracted orthopaedic surgeons and allied health professionals from all over the world and 2022 promises to be an even better year as travel opens up and people get back to in-person conferences and meetings. You will be able to share your latest experiences and exchange ideas. At the same time, you can meet old friends and make new ones. You will have an exceptional opportunity to learn from world renowned experts, strengthen your skills with our Instructional Course Lectures, find new and innovative evidence-based treatments for your patients and engage with industry at the highest levels. In addition, Kuala Lumpur or “KL” is a relaxed and multicultural city, which is an ideal environment to think, learn and enjoy.

Our local organising committee will be working hand in hand with SICOT and Malaysian orthopaedic surgeons to bring together a fantastic scientific programme, an amazing social programme and wonderful industry events which will ensure that your participation is well worth your time and effort. See you in Kuala Lumpur in September 2022!

SURESH SIVANANTHAN

SICOT Subspecialty Day

SICOT is proud to invite you to the first Subspecialty Day! This exclusive feature of the SICOT Orthopaedic World Congress offers attendees a unique opportunity to interact with one another and exchange experiences while learning about the latest updates in their particular area of interest. Our subspecialty Chairs, including our latest additions to the SICOT Board of Subspecialties (BOSS): Limb Reconstruction and Orthopaedic Rehabilitation, have designed in-depth programmes with topics ranging from international mission work to practice management, and from translational research to contemporary insights and best practices. Sessions will include scientific papers, case based presentations, debates, and surgical videos.

WORLD ORTHOPAEDIC CONCERN SYMPOSIUM

Friday, 30 September 2022								
Time	Banquet Hall	Plenary Theatre	Conference Hall 3	Meeting Room 306	Meeting Room 408-409	Meeting Room 304-305	Meeting Room 406-407	Meeting Room 410
